Sky Network is a project about creating a unique utility that has never existed in the crypto world. The SKYN product (code name sky Network) aims to get early tokens and get high profits, not only that, the Sky Network project also provides security and convenience features in contract inspection to avoid fraud/scam action.

Sky Network is Decentralized Platform, Build on Binance Smart Chain. Dedicated to developing an advanced blockchain that integrated fast and secure to avoid scam.

SKY NETWORK UTILITY

Sky Wallet

Trade tokens easily and securely using a skywallet which has several advanced features such as SkyWard & SkyCall that informs you of recently deployed tokens.
App : https://play.google.com/store/apps/details?id=net.skyproject.app

SkyRaid

Bot for raid leader and promote your project to another group. You don't need to hire an expensive leader to raid, just make an admin @skyraidbot and you can start using it right away.

SkyCheck

Do your own research using our bot called SkyCheck! this bot will provide comprehensive information about the security of the contract. Start with @SkyCheckBot.

SkyWard

By holding 5000 SKYN tokens, you have the advantage of joining our VIP group that has Skyward Bot. Skyward bot will automatically provide information on newly deployed reward tokens that could be a moonshot.

SkySnipe

bot to snipe tokens that have not been filled with liquidity, or to buy quickly without the need to open a wallet, just copy and paste in the @skysnipebot.
